

Many but ONE Scholarship Request Form 2020-2021

In order to be considered for fee scholarships, a family must have at least one of the following situations:

- Single parent
- Single income family
- Recent event which significantly reduces income
- Financial hardship
- Discretion of the Director

Applicants must provide previous year income tax return and may be asked to provide verification of income or other information which may be pertinent. Scholarships will be evaluated regularly to learn if the family's situation has improved to the point where scholarships are no longer necessary. Depending on circumstances, scholarships may be awarded on a session by session basis rather than on an entire year. All scholarships will expire at the end of the school year. While we regret that we cannot provide scholarships for all who apply, each case will be looked at individually, and those who are in dire need will come first. There will be no 100% scholarships except in extreme situations. Some amount of payment or services rendered will be required. Non-scholarship students will be allowed first choice of available class schedules. Classes for scholarship students will be limited to foundational, technique classes such as ballet and jazz and will not include elective classes such as acro. We require that scholarship recipients attend the church of their choice regularly.

Parent(s) _____ Occupation _____

Address _____

Email _____ Phone _____

Student _____

Age ____ Date of Birth _____

Student _____ Age ____ Date of

Birth _____

1. Please attach another paper briefly describing your financial circumstances and your need.
